For whatever reason the 2006 WQCP footnote 11 to Table 3 is the same as footnote 10 to Table 3 in D-1641.

Okay. I'm looking at the Decision 1641. Footnote 11 dealing with Rio Vista flows only applies Sep-Dec from what I can tell.

Great, that will be really helpful.BTW, it is footnotes 10 and 11 in the 2006 WQCP that I am looking at right now.

Erin,

I briefly talked to Craig a few minutes ago about the Delta outflow objective. He is scheduled to participate in the WOMT at 1 pm, although he is also scheduled to present to the Water Board sometime this afternoon on his activities. We can discuss the meaning of footnote 10.

Hey Rich,

Did you get a chance to talk to Craig Wilson about walking through the Delta Outflow objective on WOMT? I guess it depends on whether others want to hear about it too or not but I think it would be really helpful.
